

# COLD WEATHER POLAR PRO

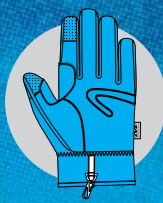

## COLD WEATHER HAND PROTECTION

Your work doesn't stop when the storm rolls in. The Polar Pro work glove features a comfortable micro-fleece liner and C100 3M™ Thinsulate™ to trap warm air and regulate your body temperature in freezing conditions. A Hipora® waterproof liner keeps your hands dry and provides critical wind-resistance when the storm hits. The Polar Pro's rugged outer features Thermal Plastic Rubber (TPR) pinch-point fingertip protection and a padded knuckle guard to reduce impact injuries. The rugged palm features machine washable leather with double-stitched reinforcement panels and a rollover fingertip construction to protect your hands from extreme abrasion. Stay connected to your touchscreen devices, no matter where your work takes you, with AX™ Double Connect on your thumb and index finger.

### INSULATION

C100 3M™ Thinsulate™ traps warm air to help regulate your body temperature.

### FULL LEATHER PALM

Machine washable leather palm and rollover finger design provides abrasion resistance.
